

Account management

My Account "Edit account information"

You can modify all your account information except for the email and account name by logging into the home page, then log in to your account on Massejli, then click on the word [My Account](#).

You will be taken to the member control panel page. You can modify the password and many other information in addition to your personal photo by clicking on the pen and paper symbol in the General Information field. Click on the Save button when making the amendment.
