

Catalog

Catalog introduction

Press [catalog](#) in the blue sidebar, and create a new catalog for all the numbers in your account.

The catalog is the website of your store, but it is linked to WhatsApp, and it is not necessary for the visitor to have a user name and password to enter it, in addition to that it is trusted with the phone number of the contact and we can linked it in the FAQ menu list, you can also add a large number of products, and it is easy to browse for the elderly as well .

Do not forget the planning stage before creating the catalog
